PROFILE

I **Sayyed Mohd Aazen**, student of Engineering in Branch of Information Technology. I have pursued my Diploma from M.H.S.S.P. this year and currently pursuing B.E. Course in **Second Year** of the same college. Except the syllabus of semester I have completed some of the course with the help of youtube. Like HTML, C, C++, SQL.

WORK EXPERIENCE

As I am pursuing B.E. as well as searching for the first Internship, in short I'm fresher. Currently I am learning Data Structures from Apna College Alpha 2.0 which will be ended up by this June. I have experience of taking home tuitions of 3.5 to 4 years.

Projects

Day Care Application (2021-22)
